SPECIFICATIONS

Model 6434 replacement strainer is used with the Haws RIVIVE™ series bottle fillers and drinking fountains. Strainer mesh removes particles larger than 110 microns from the drinking water with a service life of 5 years. The strainer is designed to work with the RFID tracking system of the RIVIVE series bottle fillers. System will detect that a strainer is installed, and does not require any additional programming or setup by the customer. *Tested and certified by CSA against NSF/ANSI 61 Standard.*
